Application Process

At GoSchool, we follow a two-stage assessment system to gauge every candidate's true potential and also help the candidate to devise a proper learning plan to meet their objectives.

Stage 1: Submit an application form online

**Stage 2: Interview with the Academic Director
(30 minutes)**

In case the student is shortlisted, an Offer Letter will be sent out. Students along with the parents/ guardians must accept the offer & pay the enrollment fee.

**Transforming
International School
Education in India**

**“One size
doesn't fit all”**

- While most traditional schools' structure their curriculum based on the collective needs of the class; they often neglect the reality that each student possesses unique learning requirements. These schools tend to assign identical learning objectives, activities, and projects to all students, disregarding differences in cognitive abilities, inclinations, and interests. Consequently, even though students may attain similar grades, one may excel in literature and history while another thrives in math and science. Recognizing the necessity for an education system that empowers students, we established GoSchool.

OUR LEARNING PARTNERS

A holistic learning ecosystem

We have developed a cutting-edge learning ecosystem that aligns with contemporary pedagogy. This system is driven by the principles of fostering meaningful partnerships with diverse stakeholders to provide a comprehensive learning experience for our students.

GoSchool is affiliated to Cambridge University Press and Assessment and offers the Cambridge International Education curriculum at the Lower Secondary (6th to 8th grade), Upper Secondary (9th & 10th grade) and Junior College (11th & 12th grade) levels. Cambridge qualifications are globally recognized, accepted by universities and employers at home and around the world. A Cambridge qualification comes with an impressive reputation and will retain its value for a lifetime of education and employment.

GoSchool also offers the internationally acclaimed Pearson Edexcel curriculum at the Upper Secondary Level (9th & 10th grade), which enables our students to sit for the International General Certificate of Secondary Education (IGCSE) examinations, after completing grade 10th. Aligned to the British educational system, Pearson Edexcel sets the standard for worldwide recognition and is accepted by all universities within India and prestigious universities across the world.

At GoSchool, we value holistic education and with this objective in mind, we have forged two strategic partnerships:

1)At GoSchool, The Hobby Tribe, a vibrant and youthful team, organizes weekly extracurricular activities. Offering both online and offline live hobby classes to students, The Hobby Tribe designs highly interactive programs that operate on a personal level, promoting and revitalizing happiness. These activities are classified under Mind | Body | Soul, each tailored to enrich these facets of personal development.

2)Every GoSchool student gains entry to the acclaimed platform www.mapmystudy.com, provided by PAC Asia. With over 25 years of expertise in student college and career counseling, MapMyStudy is globally acknowledged and respected. Through this online platform, we empower students to explore their preferred country, institute, and program for further studies, all from the convenience of their home or personal space. This not only facilitates online applications but also enables virtual connections with institutes and their designated counselors.

How will you be taught?

At GoSchool, we use a number of learning techniques that offer a flexible yet comprehensive learning experience. We combine structured lessons with self-paced learning along with on- campus activities to ensure you reach your full potential.

DY Patil International Schools as our Learning Center Partner for On-Campus Activities

The D Y Patil International School, Worli, and the D Y Patil International School, Nerul, stand as pillars of academic excellence and holistic development, making them an ideal partner for GoSchool's mission to provide transformative educational experiences.

Both the school's commitment to fostering a vibrant learning environment aligns perfectly with GoSchool's approach to experiential learning. Through our collaboration with these Schools, we seamlessly integrate on-campus activities into our curriculum, ensuring that our students gain practical exposure and develop essential skills.

Our partnership with both schools extends beyond academics, encompassing a shared commitment to fostering well-rounded individuals.

LOWER SECONDARY

Grade 6th
Grade 7th
& Grade 8th

At GoSchool, we offer the Lower Secondary program, as per the Cambridge Assessment International Education curriculum guidelines, and this aligns with Grade 6th to Grade 8th.

Core Subjects (All 6 compulsory)

English First Language
or
English Second Language
Mathematics
Science
Computing/Digital Literacy
Social Studies (Geography)
Social Studies (History)
Well Being

Electives (0-2)

Global Perspectives
French
Art and Design
Music

UPPER SECONDARY

GRADES 9TH and 10TH
IGCSE

At Go School, we offer all the key subjects to the students, who are preparing to write the International General Certificate of Secondary Education (IGCSE) examinations with either of our Boards, CAIE or PE.

The Upper Secondary course is a 2-year curriculum, which is covered in Grade 9th & Grade 10th. The students have the option of deciding which Board they would like to appear for their IGCSE exams (at the end of grade 10th) and this decision needs to be taken, latest by the start of Term 2 of Grade 9th.

We encourage our students to attempt the globally recognised ICE Certificate.

Students select a minimum of 5 subjects each selected from different columns

CAIE SUBJECTS

Group 1 (Compulsory)	Group 2 (Compulsory)	Group 3	Group 4	Group 5	Group 6	Group 7
English First Language or	Mathematics (Extended) or	Biology	Chemistry	Physics	Combined Science	Coordinated Science (Double)
English Second Language	Mathematics (Core)	Accounts	Business Studies	Economics	Computer Science	Art & Design
		Geography	French Foreign Language	Psychology	History	Global Perspectives
				Spanish Foreign Language	Additional Mathematics	Information Technology
						Music
						Sociology

Students select a minimum of 5 subjects each selected from different columns

PEARSON EDEXCEL SUBJECTS

English First Language (B) or	Mathematics (Extended) or	Biology	Chemistry	Physics	Computer Science	Double Science
English Second Language	Mathematics (Core)	Accounting	Business Studies	Economics	History	Art & Design
		Geography	French Foreign Language	Spanish Foreign Language	Further Pure Mathematics	Global Citizenship
					History	Information Technology
					Additional Mathematics	

GRADES 11TH & 12TH

AS LEVEL &
A LEVEL OPTIONS

Students select a minimum of 3 and maximum of 4 subjects selected from different columns

Group 1	Group 2	Group 3	Group 4	Group 5	Group 6	Group 7
English Language	Mathematics	Further Mathematics	Biology	Chemistry	Physics	Accounting
English (General Paper)	Art & Design (Core)	History	Business	Economics	French Language	Geography
Information Technology	Sociology		Computer Science		Global Perspectives & Research	Psychology

Students select a minimum of 3 and maximum of 4 subjects selected from different columns

Group 1	Group 2	Group 3	Group 4	Group 5	Group 6	Group 7
English Language	Mathematics	Further Mathematics	Biology	Chemistry	Physics	Accounting
Information Technology		History	Business	Economics	French Language	Geography
						Psychology

A Level qualifications are widely acknowledged for their suitability as school-leaving certificates, facilitating admission to colleges and universities across the world, including in India, and meeting eligibility criteria for competitive exams.

Spanning a two-year duration, it is aligned to Grade 11th & Grade 12th. A GoSchool student can choose to pursue either the Cambridge A Level or the Edexcel A Level curriculum.

In Go School, a student is free to choose subjects as per their interest and future higher education aspirations. He/ she would be ably guided by our Academic Director and his team of educators as well as our seasoned college & career counselors. 3 subjects with full credits are considered sufficient for admissions to undergraduate courses across the world. However, in Go School a student can even take up 4 or 5 subjects. (Minimum 3 subjects & maximum 5 subjects)

Go School would also provide full support to any student, who wishes to pursue the Cambridge AICE Certification, for which the student has to study the following subjects:

1. Cambridge International AS Level Global Perspectives & Research (compulsory)
2. One subject from each of the 3 groups (compulsory)
 - Group 1- Mathematics and Sciences
 - Group 2- Languages
 - Group 3- Arts and Humanities
3. Thinking Skills (optional)

GOSCHOOL ADMISSION CYCLE

Admissions start in October and end in July of the following year.

ELIGIBILITY

For the grade 6th to 12th, students should have appeared or cleared earlier academic year from a recognised school.

For International A Level, students who have appeared / cleared their Grade X or equivalent exams from a recognised board are eligible for enrolment for 11th standard.

Those who have done homeschooling or have gone through alternative schooling methods till now, please get in touch with us to find out more and to schedule your call with our Education Team today. We look forward to meeting your family.
